

DIALOG SEMICONDUCTOR INCREASES ITS REVENUE OUTLOOK FOR Q4 2013

Underlying revenue for Q4 2013 now expected to be at least \$310 million

Kirchheim/Teck, Germany, 17 December 2013 – Dialog Semiconductor (FWB: DLG), a provider of highly integrated innovative power management, audio, AC/DC and short range wireless technologies, today increases its underlying revenue outlook for Q4 2013.

On 29 October 2013 Dialog Semiconductor outlined its outlook for underlying revenue in Q4 2013 in a range of \$270 million to \$295 million.

Due to stronger than anticipated demand in its Mobile Systems segment, Dialog Semiconductor now expects to report underlying revenue in Q4 2013 of at least \$310 million. This will result in full year underlying revenue of at least \$866 million.

The Company will publish full and audited results for the year ended 31 December 2013 on Thursday, 20 February 2014.

Note to editors

Dialog Semiconductor creates highly integrated, mixed-signal integrated circuits (ICs) optimised for personal portable, low energy short-range wireless, LED solid state lighting, and automotive applications. The Company provides flexible and dynamic support, world-class innovation and the assurance of dealing with an established business partner.

With its focus and expertise in energy efficient system power management, and with a technology portfolio including audio, short range wireless, AC/DC power conversion and multi-touch technology, Dialog brings decades of experience to the rapid development of ICs for personal portable applications including smartphones, tablets, ultrabooks and digital cordless phones..

Dialog's power management processor companion chips are essential for enhancing both the performance in terms of extended battery lifetime and the consumers' multimedia experience. With world-class manufacturing partners, Dialog operates a fabless business model.

Dialog Semiconductor plc is headquartered near Stuttgart with a global sales, R&D and marketing organisation. In 2012, it had \$774 million in revenue and was one of the fastest growing European public semiconductor companies. Dialog Semiconductor currently has approximately 1,000 employees. The Company is listed on the Frankfurt (FWB:

DLG) stock exchange and is a member of the German TecDax index. It also has a convertible bond listed on the Euro MTF Market on the Luxembourg Stock Exchange (ISIN XS0757015606)

Forward Looking Statements

This press release contains "forward-looking statements" that reflect management's current views with respect to future events. The words "anticipate," "believe," "estimate," "expect," "intend," "may," "plan," "project" and "should" and similar expressions identify forward-looking statements. Such statements are subject to risks and uncertainties, including, but not limited to: an economic downturn in the semiconductor and telecommunications markets; changes in currency exchange rates and interest rates, the timing of customer orders and manufacturing lead times, insufficient, excess or obsolete inventory, the impact of competing products and their pricing, political risks in the countries in which we operate or sale and supply constraints. If any of these or other risks and uncertainties occur (some of which are described under the heading "Risks and their management" in Dialog Semiconductor's most recent Annual Report) or if the assumptions underlying any of these statements prove incorrect, then actual results may be materially different from those expressed or implied by such statements. We do not intend or assume any obligation to update any forward-looking statement which speaks only as of the date on which it is made, however, any subsequent statement will supersede any previous statement.
